

LANKA GLOW SALON

Company Profile

AI Agent Knowledge Base — Reference Document · Version 2026.1 · Fictional / Demo Entity

1. Company Overview

Lanka Glow Salon is a fictional, unisex hair and beauty salon chain created as a demonstration entity for AI agent development and testing. The chain is modelled as 15 branches in 15 main Sri Lankan cities, each with its own opening hours, a 26-service price list, staff count, manager, and contact details, supported by 175 staff across the network.

This profile and its two companion workbooks describe the chain at two levels: the Branch Directory covers the 15 salons themselves — location, hours, pricing, and other branch-level details — while the Staff Directory covers the individual stylists and therapists working at each branch.

All branch names, addresses, staff names, qualifications, ages, contact details, and pricing in this profile and its companion workbooks are synthetic and do not represent a real business, real premises, or real individuals. This material is intended solely for building, testing, and demonstrating AI agent workflows (branch lookup, price quoting, appointment booking) and must not be presented as a real salon chain.

3. Short Company Description

Lanka Glow Salon is a demonstration Sri Lankan unisex salon chain offering hair, grooming, bridal, nail, skin, and spa services through a nationwide network of stylists and therapists. The chain uses AI agents to help clients find the right stylist by service and branch, check schedules and fees, and book appointments — all built on the synthetic staff directory described in this profile.

4. Vision

To be a reference model for how an island-wide unisex salon chain can structure staff, service, and schedule data for reliable AI-assisted client booking.

5. Mission

To provide a realistic, well-structured synthetic dataset — staff profiles, qualifications, experience, schedules, and service fees — that developers can use to build and test AI beauty-and-wellness booking agents without touching real client or staff data.

6. Core Values

- Client Focus — Matching every client to the right stylist or therapist for their service.
- Craftsmanship — Reflecting recognised hairdressing and beauty-culture qualification standards.
- Inclusivity — A genuinely unisex model serving men, women, and children at every branch.
- Transparency — Clear, published service fee ranges and schedules for every staff member.
- Innovation — Applying AI responsibly to service discovery and appointment booking.

7. Staff Structure & Roles

Staff are organised into eleven roles, reflecting both seniority and specialization:

Role	Typical Years of Experience	Approx. Headcount
Salon Manager	8–18 years	15
Senior Hair Stylist	7–16 years	20
Hair Stylist	3–7 years	24
Junior Hair Stylist	1–3 years	10
Colour Specialist	3–12 years	19
Barber / Men's Grooming Specialist	2–14 years	22
Bridal & Makeup Artist	3–15 years	14
Nail Technician	1–10 years	7
Skin & Facial Therapist	2–12 years	18
Lash & Brow Specialist	1–10 years	16
Spa & Massage Therapist	2–12 years	10

Full item-level staff data — name, age, role, specialization, years of experience, qualifications, branch location, work schedule, service fee range, client rating, and contact details for all 175 staff — is held in the companion workbook [Lanka_Glow_Salon_Staff_Directory.xlsx](#).

9. Branch Network

Lanka Glow Salon operates one branch in each of 15 main cities, tiered as Flagship, Premium, or Standard. Standard hours are Mon–Sat 9:00 AM – 7:00 PM and Sun 10:00 AM – 5:00 PM (closed Poya days); Premium branches extend to 8:00 PM on weekdays/Saturday, and the Colombo Flagship to 8:30 PM. Full address, exact hours, manager, phone, staff count, and parking for every branch are in the companion workbook [Lanka_Glow_Salon_Branch_Directory.xlsx](#).

City	Branch Type	Staff	Weekday/Sat Hours
Colombo	Flagship	11	9:00 AM – 8:30 PM
Negombo	Premium	12	9:00 AM – 8:00 PM
Kandy	Premium	12	9:00 AM – 8:00 PM

Galle	Premium	11	9:00 AM – 8:00 PM
Nuwara Eliya	Premium	12	9:00 AM – 8:00 PM
Gampaha	Standard	12	9:00 AM – 7:00 PM
Kalutara	Standard	12	9:00 AM – 7:00 PM
Matara	Standard	11	9:00 AM – 7:00 PM
Kurunegala	Standard	12	9:00 AM – 7:00 PM
Anuradhapura	Standard	11	9:00 AM – 7:00 PM
Batticaloa	Standard	12	9:00 AM – 7:00 PM
Trincomalee	Standard	11	9:00 AM – 7:00 PM
Jaffna	Standard	12	9:00 AM – 7:00 PM
Ratnapura	Standard	12	9:00 AM – 7:00 PM
Badulla	Standard	12	9:00 AM – 7:00 PM

Standard branches offer Hair Care & Colour, Men's Grooming, Nails, Eyelash & Brow, and Skin & Facial services directly, with Bridal & Makeup, Microneedling, and Spa services available by advance booking; Premium and Flagship branches offer the full service range on a walk-in and booked basis.

10. Branch Pricing (Indicative, LKR)

Prices scale by branch tier — Flagship is priced roughly 35% above Standard, and Premium roughly 15% above Standard — reflecting rent and clientele differences across cities. The full price list covers 26 services across seven categories; selected examples:

Service	Standard	Premium	Flagship (Colombo)
Haircut – Women	1,500 – 3,500	1,750 – 4,050	2,050 – 4,700
Hair Spa / Deep Conditioning	3,000 – 7,000	3,450 – 8,050	4,050 – 9,450
Global Hair Colour	5,500 – 14,000	6,350 – 16,100	7,450 – 18,900
Eyelash Extensions – Classic	4,500 – 9,000	5,150 – 10,350	6,050 – 12,150
Eyelash Lift & Tint	3,000 – 6,000	3,450 – 6,900	4,050 – 8,100
Classic Facial	2,500 – 6,000	2,900 – 6,900	3,400 – 8,100
Microneedling Treatment	8,000 – 20,000	9,200 – 23,000	10,800 – 27,000
Manicure	1,200 – 3,000	1,400 – 3,450	1,600 – 4,050
Bridal Hair & Makeup Package	25,000 – 65,000	28,750 – 74,750	33,750 – 87,750
Full Body Massage (60 min)	4,000 – 9,000	4,600 – 10,350	5,400 – 12,150

The complete 26-service price list for every branch tier is in the Price List (LKR) sheet of the Branch Directory workbook; per-service, per-staff-member fee ranges (which also vary with stylist seniority) remain in the Staff Directory workbook.

11. Staff Qualification Framework

Every stylist and therapist holds at least an NVQ Level 3 in Hairdressing & Beauty Culture or an equivalent diploma from a recognised Sri Lankan training academy. More senior staff additionally hold one or more of:

- NVQ Level 4 in Hairdressing & Beauty Culture, or an Advanced Diploma in Hair Styling & Colour Technology
- International Diploma in Hair & Beauty (City & Guilds affiliated)
- Specialist certification in bridal makeup and hair styling
- Additional short-course training at an international academy (senior stylists, colour specialists, bridal artists, and skin/lash specialists)
- Lash & Brow Specialists additionally hold a Certified Eyelash Extension Technician qualification; Skin & Facial Therapists offering microneedling hold a Certified Microneedling & Skin Needling Practitioner qualification

Recognised training academies represented in the dataset include Vogue Academy Sri Lanka, Cinderella Academy of Beauty Culture, Toni & Guy Colombo, L'Oréal Professionnel Academy, and the NYSC Beauty Culture Diploma programme, among others.

12. Staff Schedule & Service Fee Structure

Each staff record specifies a weekly work schedule (working days, one fixed day off, and a shift window) and a service fee range in LKR, since salon pricing is per treatment rather than a flat monthly rate:

Role	Typical Service Fee Range (LKR)
Hair Stylist / Senior Hair Stylist	1,200 – 6,500
Junior Hair Stylist	700 – 2,500
Colour Specialist	3,500 – 15,000
Barber / Men's Grooming Specialist	500 – 2,500
Bridal & Makeup Artist	12,000 – 65,000
Nail Technician	1,000 – 6,000
Skin & Facial Therapist	1,500 – 8,000
Spa & Massage Therapist	2,500 – 9,000

Every staff member also carries a synthetic client rating between 4.6 ★ and 5.0 ★ in this demo dataset. In a production system this would be computed from real client reviews.

13. AI Agent Integration

Lanka Glow Salon integrates AI agents to enhance client service and operational efficiency.

13.1 Branch & Price Lookup Agent

Functionality: A 24/7 assistant on the website and WhatsApp that looks up a branch by city, returns its address, opening hours, and manager, and quotes indicative prices for a requested service at that branch's tier.

Benefits: Instant, accurate branch and price information without staff having to answer repetitive calls.

13.2 Service & Stylist Search Agent

Functionality: Helps clients find a stylist or therapist by service, specialization, branch location, and rating, and compares fee ranges and schedules.

Benefits: Faster service discovery and better-matched staff recommendations for clients.

13.3 Appointment Booking Agent

Functionality: Reads a staff member's weekly schedule for the selected branch, offers open slots, estimates the service fee from the branch price list, and confirms the booking.

Benefits: Reduces manual booking calls and no-shows, and gives clients an upfront fee estimate.

13.4 Reminder & Rebooking Agent

Functionality: Sends appointment reminders, follows up after a service to suggest the next routine visit (e.g. colour touch-up, haircut interval), and handles rescheduling.

Benefits: Improves client retention and keeps staff schedules full across branches.

14. Why This Dataset

This profile and its companion workbooks give an AI agent everything it needs to answer questions such as "what time does the Kandy branch open on Sunday", "how much is a bridal package at the Colombo flagship", or "which stylist does balayage in Galle" using structured, queryable fields rather than free text — while remaining entirely fictional and safe for development, demos, and testing.

15. Data Files

File	Contents
